Great River Homes, Inc

14th Street

December Newsletter

It's been a busy and exciting month for the individuals at 14th street! They are enjoying the holidays, continuing to be involved in their community and celebrated a birthday this month!

Kevin has continued to go bowling every Tuesday as he loves getting strikes and watching others bowl. When Kevin's not bowling you can find him singing and dancing in his room at all times of the day and night. Kevin has also enjoyed setting up all the Christmas decorations along with the tree. If you ask Kevin he did it all himself!

A big Happy Birthday to Robert Lee on celebrating his 67th birthday! Robert has been going around asking everybody to guess his age and that he doesn't look as old as he is, he's been telling everybody he feels 25! He and his housemates celebrated his birthday by having cake and watching his favorite Jumanji movie!

Jesse has been busy this month between Aktion Club, Special Olympic Bowling, and Red Wing Community Education Classes! Jesse has been voted into Aktion Club as this year's President where he will get to “run” the Aktion club meetings. Jesse also participated in the state bowling tournament for Special Olympic Bowling where he placed in the top 5!

Ben enjoys getting out and about during the day and then returning home to watch church. Ben is still volunteering for the Food Share where he cleans once a week, cleans the central office of Great River Homes once a week, and loves running errands for the house because he always runs into people he knows! Ben was visited by Dana Bergner and David Kujawa who coordinate with Meals on Wheels, to give him a certificate of recognition for helping deliver meals!

Diego has been enjoying getting out and attending Red Wing Community Education classes. Diego especially loves the cooking ones where he gets to cook and eat delicious foods. Diego is also very lucky at Bingo where he seems to win every other time and come home with loads of candy and toys. Diego has also been helping staff at night by cooking suppers for the individuals, we have a chef on our hands!
